

2014 GAS BALANCING AGREEMENT

DISCLAIMER

This model form has been prepared only as a suggested guide and may not contain all of the provisions that may be required by the parties to an actual agreement. The provisions of the model form do not necessarily represent the views of the Association of International Petroleum Negotiators ("AIPN") or any of its members. Use of this model form or any portion or variation of it shall be at the sole discretion and risk of the user parties. Users of the model form or any variation of it are encouraged to seek the advice of qualified legal counsel to ensure that the final document reflects the actual agreement of the parties. The AIPN disclaims any and all interests or liability for loss or damages that may result from use of this model form or portions or variations of it. All logos and references to the AIPN must be removed from this model form when used as an actual agreement.

EXHIBIT G
GAS BALANCING AGREEMENT

Each Party has the right and obligation to own, take in kind, and separately dispose of its Entitlement under the Agreement. In the Agreement, the Parties recognize that individual disposition of Natural Gas could result in imbalances when a Party disposes of more or less than its Participating Interest share of Natural Gas production.

The Parties agree that this Exhibit G establishes their rights and obligations for the lifting and balancing of Natural Gas production.
